# E-Z SCHEDULE APPOINTMENT MANAGER

Calendar software can be very expensive, but with prices starting at \$189.95 for a 5-User license, **E-Z Schedule Appointment Manager** is the most affordable solution to your client scheduling needs!

E-Z Schedule Appointment Manager was designed specifically for the small to mid-size **professional practice** and similar business environments which require the daily scheduling of **recurring appointments** for staff at **one or more locations**.

E-Z Schedule Appointment Manager is **network-ready** allowing multiple users to access and update staff schedules. E-Z Schedule, as its name implies, is user-friendly, highly intuitive and can be installed and running in minutes!

A **flexible configuration** facility allows you to customize E-Z Schedule's appearance to meet the exact needs of your practice.

**Daily** and **weekly** views provide a simple point-and-click interface which allows quick manipulation of clients' appointments, non-client related tasks and break times.

**Group views** allow the grouping of any 2-7 staff members so that their schedules can be displayed side-by-side for any one calendar day.

Daily, Weekly and Group reports provide hardcopies of your staff schedule. **Postcard** and **Email reminders** can be generated for upcoming appointments and there's even a simple client mailing label generator for the holiday season!

Additional features include a simple way to **confirm your client appointments**, a **quick search utility** that finds past and future client appointments across all schedules, an optional warning to prevent **double-booking**, **data exchange facilities** and more!

A **free demonstration version** can be downloaded easily from our web site. This evaluation version will not expire and allows you to perform all system processes for up to 30 schedule days. The software can easily be unlocked providing full application functionality by purchasing a license for 5 or more users.

Once you try it, we're sure you will agree that **E-Z Schedule Appointment Manager** is the low-cost answer to your client scheduling needs.
